

## THE HOTTEST OF DISASTER RECOVERY CHARITY GRANT 2014

The “Hottest Of” Disaster Recovery Charity was founded in 2005 with a two-fold Mission of recognizing Volunteer Firefighters for their heroic work and selfless actions while creating a product that provides an opportunity to give back to victims of Property Disaster. Annually the Charity hosts a Firefighter Appreciation Event that recognizes all Volunteer Firefighter’s from Central PA.

This year, for the third year in a row, the Charity has an opportunity to offer more to **the fire service** in the form of a Grant that our local fire companies can apply for. The Grant has been designated to provide Loss Control Kits and Training to our local fire companies in the Dauphin, Cumberland, Perry, York and Lancaster Counties. When a homeowner experiences a fire in the residence all contents are in jeopardy to the effects of the by-products of combustion. The Loss Control Kits and the training will help Firefighters understand the importance of helping Property Victims salvage their most valuable contents after a Fire, one small gesture that is sure to be recognized by our local communities.

**There will be several grants awarded. Fire Companies can apply using the following guidelines:**

- Name and address of the Fire Company, including contact person with phone number and email address
- Number of members, active and social
- Population served
- Average Calls per month/per year
- Average type of calls
- % of Renters in your area vs. homeowners

The Board of Directors for the Charity will meet and review all applications received.

Applications can be mailed to:
